HURTING THE UNIONS

NO fair-minded, intelligent American will deny that the trainmen had grievances, needed pay-increases, certain improvements in their working formula. But when one of their leaders, A. F. Whitney, to be exact, announced his union had \$47,500,000 in its treasury, and that he was going to use \$2,500,000 of it to defeat President Truman's re-election and to elect picked "labor congressmen", he gave labor's cause a very black eye. The public, smarting under the personal inconvenience of the rail strike, and vividly aware of its wide-spread national dangers, resented everything about this statement. Revelation of the fat pile of funds the union had amassed and his pressure-group threat, forced the conclusion that Whitney had lost his idealism and his self control. His childish abuse of the President strengthened that feeling. The suggestion was inescapable that this leader of the railmen was merely a tired, bitter old man, venting personal spleen on the nation.

HITLER MYTH

MAN in every age and country has had his mystery tales, stories, half-fact, half-fable about unusual personalities and exploits that cannot quite be explained by ordinary analysis. Their coming into the world, or their going out eventually become misted over with the super-natural. Is Hitler, along with his mistress, the little-known Eva, to become one of these?

Their deaths are not witnessed facts. Consequently the world can expect periodic revivals of the idea that they still live. One such came to light the other day through a United Press interview with "an American official who must remain nameless", testifying that he believes they escaped either to Spain or Switzerland, or are living incognito in Germany itself.

It is unfortunate that Hitler could not have come to some dramatic and incontestable end, for, with his death still undocumented, there is always the possibility of his existence becoming a mystical rallying cry for the gullible Germans.

BUSINESS JAMS

THIS is the Summer of our discontent. All of us want all sorts of things that we can't get. Everywhere there seem to be shortages and "dislocations" interfering with the normal operation of our American economy. Not only are goods in the stores scarcer, but their quality is inferior. There are trade embargoes interfering with shipping. And when there is nothing else making trouble, it is likely to be industrial bottlenecks caused by unnatural jams.

But it won't last forever. In the reassuring words of Scripture, "these things, too, shall pass away."

NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, June 1—People in general are awakening at last and asking seriously how we ever got into this strike holocaust.

Mr. Truman has suggested a congressional investigation be held to find out—and presumably to find a way out. This merely follows a recommendation made a week earlier by a number of senators and congressmen.

No greatly unsettled confusion or dispute marks this search. Indeed, God has given us the unusual gift of seeing ourselves in this matter as others see us. The London Times, reporting our troubles to a labor-conscious Britain, the government of which is in the hands of the Socialist labor party, says in a news dispatch (May 20) the trouble is traceable to "the repeated failure of congress to amend the Wagner labor relations act so as to make its interdiction of unfair labor practices apply to the union and their leaders as well as to the management. After that there are the laws and the court rulings over a decade and more which have specially exempted labor from penalties for acts in restraint of trade that apply to all the rest of the community."

This is approximately what a citizen remarked in a hotel lobby when he went to the counter to buy a paper the second day of the strike: "What can you expect when you elect a government for a third and fourth term!"

To anyone who has closely followed developments here the past 14 years, these generalities measure true against the details of what happened. The unions have strike fever. They have exaggerated their rights until they have forgotten entirely the principles of simple, common justice. They have fed themselves upon increasing power until they have reached the feverish condition in which no rights exist except those which they want. They no longer appeal to public justice. They take. They threaten. They override. It is a state of mind, based upon an accumulation of unprecedented power.

Take the case of Mr. Whitney, generalissimo of trainmen. The inside story of his behavior is told this way in most authoritative quarters:

A rival started working to get his job about a year or more back. Since then he veered away from the brotherhood traditions of restraint and responsibility to meet the urging tactics of his rival. As a radicalized old timer, it was he who fronted for Johnston of the engineers in stalking the White House. Mr. Truman and the administration have become so angry at him (see Hannegan statement) that my information indicates they are after his job. They will have the union kick him out if they can, although they are not after Johnston.

But what I wish to point out is Whitney's state of mind exhibited in his forcing of a strike upon issues which are trivial by comparison with the enormity of the effects of his actions; his threat to spend \$47,000,000 to defeat Truman and announcement that \$2,500,000 had already been appropriated by his board to defeat congress. This constituted an open promise which the public would characterize as an attempt to buy an election if anyone made it except a labor leader.

BOARD UNABLE TO MEET QUOTA

'Very Few' Men In Pickaway County Now Available For Military Service

Inability to fill its June quota of draftees was disclosed Saturday by the Pickaway County Selective Service Board which said that as a result of the recent changes in the selective service law restricting selections to unmarried men between 20 and 30 years old there are now "very few" available men in Pickaway county.

The number of asked for in June was undisclosed by the board as well as the exact number of men available for call.

At State Selective Service headquarters at Columbus it was announced that draft boards throughout Ohio have been asked to fill the state's June quota of 2,700 men, with the first contingents scheduled to report at induction centers Monday.

Lt. Col. Carl G. Wahl, head of the manpower division, said at Columbus, however, that the recent changes in the selective service law are likely to reduce the 2,700 quota. He added that probably not more than 500 men will be available in Ohio in June.

The call for 2,700 was issued, Col. Wahl explained before the changes in the law were made.

BLIND LANDINGS TO BE MADE BY CIVILIAN PLANES

INDIANAPOLIS, June 1—Passenger planes eventually will be able to land the bad weather menace by making completely automatic landings, government officials said today.

This is one of the developments underway at the civil aeronautics administration's experimental station to improve safety and regularity of airline travel.

Radio devices on the ground feed information into the automatic pilot and the plane can land through fog which obscures the airport from human view.

PAULEY BLOCKED IN EFFORTS TO INSPECT KOREA

SEOUL, Korea, June 1—Edwin W. Pauley's reparations inspection trip through Soviet-occupied areas of Korea has been so hamstrung by Russian restrictions that it may fail, Pauley's special assistant reported today.

Dr. Ernest L. Klein, a member of the American reparations mission who remained in Seoul, said Pauley probably would be unable to discover whether the Russians were stripping the industries of northern Korea. He said Pauley had protested Soviet refusal to allow his party freedom of movement.

Pauley and his assistants entered the Soviet zone on May 29, intending to inspect five important industrial areas. Klein said the Pauley party has been banned

from two of the areas by the Soviet commander, Col. Gen. I. M. Chistiakov. The party can move elsewhere only by prior arrangement and with heavy guard. Pauley's official photographer has been forbidden to take pictures, Klein reported. Individual members of the mission have been subjected to the same censorship.

FOOT SOLDIERS TO GET ARMOR IN FUTURE WAR

WASHINGTON, June 1—Foot soldiers may wear nylon-and-aluminum armor suits in any future war.

Army ordnance experts are working on such an armor suit. It is similar to the one credited with cutting air force deaths in half during the final months of World War II.

It consists of thin sheets of aluminum plate padded in nylon. It protects the soldier from shell fragments, but will not stop a bullet or shell. Shell fragments cause most battle casualties, however.

GRADUATES TO BE HONORED AT U. B. SERVICES

Six 1946 high school graduates will be honored in a service of recognition at the First United Brethren church, Sunday, at 10:30 a. m.

In announcing this special recognition service, the pastor, the Rev. Carl L. Wilson, says, "We are indeed proud of the young people of our church, who successfully completed their high school work and received their diploma in graduation. May their past achievements be stepping-stones for greater accomplishments in the future. An interesting sermon, 'Open Windows', as recorded in the Book of Daniel, chapter six, verses one through fifteen, with the text from verse ten, should help our fine young people."

The six young people receiving this recognition are Eugene Richardson, Circleville high school class president, Marjorie Francis, Dolores Hawkes, Rhea Jean Mason, Eugene Hampp and Vivian Martin. Each will receive a gift from the Sunday School, presented by the superintendent, Hillis Hall. The family of each graduate has been invited to attend and be seated in a reserved section.

Another recognition, although of a distinctly different nature, will share in this service. On March 26, 1939, the 100th anniversary of the Circleville United Brethren Church, a new organ was dedicated to realize a dream of Dr. Thomas C. Harper, then pastor of the church in his seventh year. June 3, 1939, Mrs. Ralph Wilkinson, daughter of Dr. Harper, played "Largo" (Going Home) at her father's funeral service. In memory and out of respect for this former pastor, the congregation will pause and recall his ministry as Miss Lucille Kirkwood dedicates the prelude, "Largo" ("New World Symphony") by Dvorak and Charles Kirkpatrick directs the choir in singing Ira B. Wilson's arrangement of Londonerry Air, "Pilgrim's Journey" by Edith Sanford Tillotson.

Excerpt from Teachings of Baha'ullah, Founder of the BAHAI FAITH

"Know thou of a truth that the soul, after its separation from the body, will continue to progress until it attaineth the presence of God, in a state and condition which neither the revolution of the ages nor the changes of the world can alter. It will endure as long as the Kingdom of God, His sovereignty, His dominion and power will endure."

EMERGENCY LAW PASSES AFTER LONG DEBATE

Stern Control Measures Asked By President Are Eliminated

(Continued from Page One)

There seemed little prospect of reaching a week-end settlement of the "no contract-no work" strike. John L. Lewis, president of the United Mine Workers (AFL) still was absent from the negotiations, but union spokesmen said he would join in conference with mine operators as soon as he winds up affairs in Washington.

Walkout Urged

In other labor developments: President A. F. Whitney of the trainmen's brotherhood was asked to call a walkout on the Pennsylvania railroad to protest its added service for 230,000 commuters stranded by the Hudson and Manhattan railroad strike. Local union leaders charged the Pennsylvania's addition of 50 new trains was a strike-breaking tactic. The H. & M. was struck by engineers and trainmen Thursday, when it refused to pay the 18 1/2 cent hourly wage increase granted in settlement of the nationwide strike.

The CIO potash mine workers representing 3,000 miners at Carlsbad, N. M., filed strike notice with the national labor relations board in Washington. Operators have refused to grant an 18 1/2 cent an hour increase. The notice asked that a strike vote be taken within two weeks.

LONDON GOLFERS WIN MATCH AT COUNTRY CLUB

Pickaway Country Club team lost by one point to a London golf team Wednesday in a "surprise" match.

The local team was recruited hurriedly when the London golfers appeared here without advance notice and announced a match had been arranged. The final tally showed the visitors with an 18 1/2 point total and the Pickaway team with 17 1/2.

Individual scoring:

Chooman (London), 3; Dr. Stewart (Pickaway), 0; Keller (L), 3; Herrmann (P), 0; Boatell (L), 0; Friece (P), 3; Keller (L), 1 1/2; Gussman (P), 1 1/2; Panigan (L), 3; Heine (P), 0; J. DIVORCE SUIT FILED

Mrs. Margaret G. Priest, Circleville, filed suit for divorce in Pickaway county common pleas court, Saturday, accusing Robert John Priest, St. Louis, Mo., of extreme cruelty. Declaring that they were married June 9, 1945 at Santa Barbara, Calif., and that they are childless, Mrs. Priest claims that on April 21, 1946 at Circleville her husband struck her several times with his fists. In addition to a divorce she asks restoration of her maiden name, Margaret Good.

Miss Evelyn Lutz, salutatorian of the class, welcomed those present at commencement and spoke on "English, the Universal Language". Miss Ann Elizabeth Snider, valedictorian, thanked all who made education of the class possible, and gave as her talk "Nobility of Wisdom".

Two vocal numbers preceded Dr. Grimm's talk, "The Lord's Prayer", a solo by Barbara Green, and "The Green Cathedral" by the sextet, composed of Mary Katherine Morgan, Evelyn and Emily Lutz, Ann Curtin, M. Eileen Maynard and Ann Snider. Two piano arrangements of "Enchantment" and "Come to the Fair" were played by Ann Snider and Donna Lee Reid.

"A Perfect Day" was sung as a solo by Mary Katherine Morgan. J. Wray Henry, principal of the high school, presented the Kiwanis keys, awarded each year to an outstanding boy and girl student, to Ann Snider and Eugene Richardson. Capital University scholarships were presented to Ann Snider and Evelyn Lutz. Mr. Henry said that the 1946 class was the smallest in years but one of the most outstanding and had compiled an unusual scholastic record.

He introduced Mrs. Howard B. Moore, vice president of the board of education, who presented diplomas to the members of the class. The program closed with the singing of "America the Beautiful", led by Miss Bernice Sprague and the benediction by the Rev. Mr. Sherburne.

CITIZENS OF CIRCLEVILLE:

Attorneys for the City have advised Council that if the City does not acquire the Water system by August 14, 1946, for any reason, the CITY MAY BE REQUIRED TO PAY FROM \$30,000 TO \$10,000 OUT OF THE GENERAL FUND OF THE CITY. This is due to the provision of Section 8697 of the General Code of Ohio which provides as follows:

"Sec. 3697. Neglect to pay or take possession in six months; attorney's fee. When municipal corporation makes an appropriation of property, and fails to pay or take possession thereof, within six months after the assessment of compensation shall have been made, its right to make such appropriation on the terms of the assessment so made shall cease and determine, and lands so appropriated shall be relieved from all incumbrance on account of any of the proceedings in such case, and the judgment or order of the court directing such assessment to be paid shall cease to be of any effect, except as to the costs adjudged against the corporation. Upon motion of any defendant, such costs may be relaxed, and a reasonable attorney's fee paid to the attorney of such defendant, which, together with any other proper expenses incurred by the defendant, may be included in the costs."

The Water Company has wilfully failed to advise you that the City may be obligated to pay the Company's attorney fees and other proper expenses if the voters fail to approve the bond issue on June 18th.

The City is obligated to pay the following firms and persons for services performed to date at the request of the City:

Arthur G. Previn, New York, transcript of testimony before the Securities & Exchange Commission.

Arthur Lowe, Marysville, fee as court reporter at trial.

Roy E. Fuller, Chicago, taking deposition of L. R. Howson and preparing transcript of same.

William Insull, Bowling Green, expert testimony at trial appraising water system, and expenses.

Minor witness fees during trial.

The City will be obligated to pay the following firms and persons employed by the Water Company, at the request of the Company, in amounts to be set by the Court of Common Pleas, if the City does not take over the water system:

Rollin F. McDowell, Cleveland, Ohio, water engineer, appraising water system, expert testimony at trial and expenses.

J. A. Woodward, water engineer, appraising water system, expert testimony at trial and expenses.

L. B. Sharpe, water engineer, appraising water system, expert testimony at trial and expenses.

Dunbar & Dunbar, Attorneys, Columbus, legal fees and expenses.

Carl C. Leist, Attorney, legal fees and expenses.

All other proper expenses, including minor witness fees, travel expenses for company officials, etc., incurred by Company by reason of condemnation proceedings.

IN THE BEST JUDGMENT OF THE MEMBERS OF COUNCIL AND OTHER CITY OFFICIALS, AFTER THOROUGH INVESTIGATION, IT IS BELIEVED THAT THE TOTAL COST TO THE CITY, IF THE CITY FAILS TO TAKE OVER THE WATER SYSTEM, MAY BE FROM \$30,000 TO \$40,000.

The Water Company may request the Court to tax their reasonable attorney fees and other proper expenses any time after August 14, 1946, NO WAIVER OF THIS RIGHT HAS BEEN FILED BY THE WATER COMPANY IN THE COURT OF COMMON PLEAS AND, UNTIL THAT WAIVER IS FILED, the city must anticipate these costs.

IF THE COMPANY DESIRES TO WAIVE ITS COSTS, ENGINEERING FEES AND ATTORNEY FEES, LET ITS WAIVER BE FILED IN COURT BEFORE JUNE 18, 1946—THE DATE OF THE ELECTION!!!! ALL THE COSTS THAT THE WATER COMPANY HAS PROPOSED TO WAIVE TO DATE IS \$243.01 FOR COURT COSTS—A VERY MINOR ITEM WHICH THE CITY MUST PAY REGARDLESS OF THE ELECTION OUTCOME. THIS WAIVER WAS NOT MADE IN COURT.

WASN'T THAT GENEROUS?
